

Join DSA — To Change the USA!

We are SOCIALISTS because we reject an economic order based on private profit, alienated labor, gross inequalities of wealth and power, discrimination based on race and sex, and brutality and violence in defense of the status quo.

We are SOCIALISTS because we share a vision of a humane social order based on popular control of resources and production, economic planning, equitable distribution, feminism, racial equality and non-oppressive relationships.

We are DSA because we work on developing a concrete strategy for achieving that vision, for building a majority movement that will make democratic socialism a reality in America. We believe that such a strategy must acknowledge the class structure of American society and that this class structure means that there is a basic conflict of interest between those sectors with enormous economic power and the vast majority of the population.

You are invited to join this grand enterprise of fundamentally changing our civilization!
